

Sandberg Twister Headset

The Sandberg Twister Headset is a really stylish gaming headset, which provides an impressive stereo sound for a sublime gaming experience. A particularly sensitive microphone ensures that your opponents and allies can hear you clearly. The adjustable headband is equipped with a soft and comfortable padding, so the headset is comfortable to wear for many hours at a time. The earcups have a great built-in LED light. The headset connects with a standard Minijack audio plug, and thus functions on both PCs and other equipment with a Minijack audio output.
