

Sandberg Studio Pro Microphone USB

Sandberg Studio Pro Microphone USB is a great microphone for top-quality sound recordings for the demanding gamer and video producer. Made of robust metal and mounted on a sturdy metal foot to stand firmly on a desktop. Connects to your PC via a USB port and works immediately without driver installation. Features a port and volume control for direct headset connection for real-time monitoring of the microphone's signal without delay, or its mode can be changed to make it function as an extra USB audio output. Mute function with LED indicator.

Komputer for Alle says:

"The audio is extremely clear, and there is a good elimination of surrounding noises. Recording a piece of music with the Sandberg Studio Pro Microphone, the quality and detail are surprisingly well recorded."
