

Sandberg USB Sound Box 7.1

Get top quality sound on your computer! The Sandberg USB Sound Box 7.1 allows you to connect speaker systems with up to eight speakers – you can even choose whether to use analogue or digital connection. For recording purposes you can connect two microphones, as well as one analogue and one digital audio source. You can easily check all connected devices via the user-friendly software provided, which offers a whole host of functions. USB connection means easy installation and good access to ports and buttons.

Northern Reviewer says:

"I must admit I was blown away by the results. It was like my PC had all of a sudden been turned into a dedicated HiFi system. What's not to love?"
