

Sandberg USB 3.0 Hard Disk Cloner

The Sandberg USB 3.0 Hard Disk Cloner is the perfect solution for when you need to copy, read and write large amounts of data quickly and easily. The USB 3.0 connection enables you to achieve impressive data transfer speeds of up to 5 Gbit/sec. The cloner has two SATA slots, so you can connect two hard disks to your PC at the same time. The two SATA slots also allow you to clone the contents of one hard disk to another, without any PC connection at all.
