

Sandberg IronStorm Keyboard UK

Sandberg IronStorm Keyboard is a solid keyboard constructed on a metal plate. This gives you exactly the right weight, so the keyboard is firm and doesn't slip, just when your game requires maximum concentration and precision. You can even easily change the colour of the light at the touch of a button. Add the nylon-braided cable and cool USB connector and you have the complete gaming experience! Shortcut keys for volume, media playback etc. at the top of the keyboard.
