

## Sandberg Fighter Gaming Desk 2, Red

Sandberg Fighter Gaming Desk 2 is the ultimate upgrade to your gaming setup. With a width of 1.20 metre, the table is perfectly measured to ensure enough space for your gaming equipment without giving up on your freedom to move around while playing games! At the same time, it is compact enough to fit into most rooms. The strong metal table legs and the massive table top in MDF wood form a solid underlay. The cable holes in the table top ensures discreet cabling to the underside of the table where you can hide cables and extensions in the built-in cable cover. Cool LED lights in both sides of the table top will put you in the right gaming mood!

Glob3trotters.com:

"This desk is more than you need as a single user with multiple devices or screens. The build quality and overall sturdiness is really good. Even if you put a heavy computer on the top, it should handle it with ease. Cable management is the reason why you should get this desk! The lights are a very welcomed feature since everything today is with RGB. Must have!"
